PLANNING FOR THE LIFE STAGES OF YOUR CHILD WITH SPECIAL NEEDS

THE WASHINGTON GROUP

TUESDAY, APRIL 23, 2013

7:00-9:00 PM

Preparing your family and your child with special needs for the future is not a choice. It's a necessity. It is imperative that plans are in place to ensure that your child is legally and financially ready for the future. Please join us for an informative night with a team of **Special Care Planners** from The Washington Group to aid you in navigating these tough subjects. They will address the topics of guardianship, trustees, creating a letter of intent and preparing a will. The presenters will also provide guidance on identifying your financial resources, determining plan/care costs and establishing a special needs trust. The Special Care Planning Team at the Washington Group specializes in financial planning specifically for families with special needs, and we are excited to share their knowledge with our Spectrum Pediatrics families.

THIS EVENT IS FREE!!

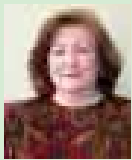

Location of Event:

Spectrum Pediatrics

2869 Duke St.

Alexandria, VA 22314

PRESENTERS BIOGRAPHIES

PEARL HARTLEY has been in the financial services industry for 30+ years. For 25 years she was the liaison between major insurance companies and other planners, keeping them up to date with compliance, law changes and changes in products. For the past 5 years she has been a member The Washington Group Special Care Planning Team where she works with special needs families. Pearl has advanced training in estate and tax planning concepts, special needs trusts, government programs and the emotional dynamics of working with people with disabilities and other special needs.

SAM COURTNEY was born and raised in Fairfax, VA and started his career in financial services two years ago after graduating from James Madison University. Sam recently joined The Washington Group Special Care Planning Team, to pursue his passion for working with special needs families. Sam has volunteered for many years with Big Brothers Big Sisters and mentored children with special needs. Sam inherited his passion for helping others from mother, who is a physical therapist at Spectrum Pediatrics.
