

Understanding the IEP Process

An Evening with Monica McDonald, MA, CCCLS

Tuesday, April 12th, 7:00-9:00 pm

Please join us for an informative evening as we cover the IEP (Individualized Education Plan) process.

Monica will explain in detail the purpose of an IEP and its components. She will also discuss the members that should be involved and their role as part of the IEP team. Monica will address “troubleshooting” for issues that may occur during various stages of the IEP process. Time will also be allotted for questions and answers to address specific concerns that you have with your child and his/her IEP. At the end of the night, you will leave with new ideas, written resources, and, hopefully, some inspiration as you embark on the IEP process. Please join us for a night of education and information!

Register by 4/7/11 with Spectrum Pediatrics

To register, please email therapy@spectrumpediatrics.com or call us at 703-299-0051

\$25 for a caregiver/parent
\$40 for 2 caregivers/parents

Location of Presentation:

Spectrum Pediatrics
2869 Duke Street, Alexandria, VA 22314

Monica McDonald, MA, CCLS

Monica McDonald is a certified special educator and holds a Master of Arts degree from George Washington University in Early Childhood Special Education with a birth-to-five focus. She has a Bachelor of Science degree in Health Sciences from Saint Joseph's University in Philadelphia, PA. Monica has experience as a preschool special education teacher as well as an Autism Consultant to teachers and parents for multiple school districts. She has extensive training from multiple experts in the field of Autism Spectrum Disorders and has provided hours of training to parents, educators, and educational assistants in the areas of child development, ABA Methodologies, Structured Teaching, Social Skills, and more. Prior to working in the field of special education and early intervention, Monica worked as a Certified Child Life Specialist (CCLS) in two large, urban children's hospitals in the New York City area.
